PROFILE

Final-year Software Engineering student with strong expertise in Artificial Intelligence and Machine Learning. Experienced in designing and training CNN-based deep learning models for image classification and deepfake detection. Skilled in image preprocessing, data augmentation, model training, validation, and performance evaluation using TensorFlow and Scikit-learn.

TECHNICAL PROFICIENCIES

- **AI & Machine Learning:** Designed and trained CNN models for image and video classification. Experienced in image preprocessing, normalization, data augmentation, model validation, and performance evaluation.
- **Database Management:** Hands-on experience with MySQL, SQLite, MongoDB, and H2. Proficient in relational schema design and complex SQL queries.
- **Data Structures & Algorithms:** Strong understanding of arrays, linked lists, trees, graphs, and dynamic programming.

SKILLS

Programming Languages: C++, JavaScript, SQL

AI/ML Libraries: TensorFlow, Scikit-learn, NumPy, Pandas, CNNs

Databases: MySQL, SQLite, MongoDB, H2

Operating Systems: Linux (Kali & Ubuntu - basic), Windows

Tools & IDEs: Visual Studio Code, IntelliJ IDEA

Soft Skills: Team Leadership, Collaboration, Time Management, Communication

EXPERIENCE

Artificial Intelligence Intern (On-site) Rapidev – Islamabad	Jun 2025 – Aug 2025
App Development Intern (Remote) Digital Empowerment Pakistan – Islamabad	Jul 2024 – Aug 2024
Web Development Intern (On-site) Digital Warriors – Islamabad	Jul 2021 – Sep 2023

PROJECTS

Deepfake Detector for Images & Videos (FYP)

- Designed and implemented a CNN-based pipeline for deepfake detection in images and videos.
- Performed image preprocessing, scaling, normalization, and data augmentation.
- Trained and evaluated deep learning models using TensorFlow.
- Developed a web interface for real-time deepfake analysis results.

Agile Sprint Tracker

- Developed a web-based application for tracking Agile sprints and tasks.
- Implemented H2 database for storing project data and progress.

Academic Database Manager

- Built a SQL-driven web application for academic and restaurant data management.
- Designed relational schemas and optimized queries for efficient data retrieval.

EDUCATION

Bachelor of Science in Software Engineering Oct 2022 – Present
Pak-Austria Fachhochschule Institute of Applied Sciences & Technology, Mang Haripur, Pakistan
CGPA: 3.22

Khanpur, Haripur, Pakistan
